Effective solutions for complex analytical challenges

SPECIM, Spectral Imaging Ltd of Oulu, Finland and Middleton Research Announce Agreement

Middleton, Wisconsin, March 1, 2008

SPECIM, Spectral Imaging Ltd of Oulu, Finland and Middleton Research of Middleton, Wisconsin, USA are pleased to announce the formal appointment of Middleton Research as an authorized US Distributor and Systems Integrator of SPECIM Hyperspectral Imaging systems and components. According to the agreement executed in December 2007, Middleton Research will be distributing SPECIM's products to the Analytical Instrument market in the US.

Based on the unique SPECIM push-broom cameras, Middleton Research will also provide application work, design and build complete systems for industrial and other non-airborne applications.

SPECIM's headquarters and main production facilities are located in Oulu, Finland. SPECIM is a leading worldwide supplier of hyperspectral components, systems and complete chemical imaging solutions. SPECIM has distributors worldwide, both in airborne and non-airborne applications of its products.

Middleton Research is an optical instrumentation and analytical technologies company, located in Middleton, Wisconsin, USA.
